EXPERIENCE

Globant, for Humana Inc., Argentina — *Web UI Developer*

DEC 2015 - PRESENT

I'm currently the technical lead of one of the three Agile PODs in the project, which consists in creating a hybrid application (using AngularJS and Apache Cordova) to provide the users with the ability to do the full enrollment process for an applicant from within the application itself.

Stefanini Solutions, Argentina — *Technical support*

NOV 2013 - JAN 2015

Technical support for Petrobras Latin America employees, focusing on SAP (MM, HR and SD modules) and system applications.

EDUCATION

National Technological University (UTN), Argentina — *Information Systems Engineering*

2015 - PRESENT

Institute Don José de San Martín, Argentina — *Natural Sciences Bachelor*

2010

Cambridge University, Argentina — Council of Europe Level B2 *(First Certificate in English)*

2011
